

## HIPAA QUICK REFERENCE GUIDE: DICOM CD SOLUTIONS

The Data Distributing DICOM CD Station is an affordable solution that enables radiology, cardiology, and imaging centers to switch from film to the more economical CD/DVD digital imaging, with capabilities such as:

- **Import images** from multiple modalities simultaneously
- **Store & Archive** images with proven, state-of-the-art technology and easy-to-use software
- **Retrieve & Access** DICOM images via secure website
- **Print & Publish** multiple studies on CD/DVD

### DATA DISTRIBUTING DICOM CD PART 160 -- GENERAL ADMINISTRATIVE REQUIREMENTS REGARDING:

#### § 164.306 SECURITY STANDARDS: GENERAL RULES

*Once data is written on the CD/DVD, it cannot be deleted or altered. The CD is password protected to prohibit unauthorized access.*

*The Power Archive Solution, by Data Distributing, creates copies of inputted data for disaster management. It is recommended that these copies should be stored at a secure location.*

#### § 164.310 PHYSICAL SAFEGUARDS

*The reporting module in the DICOM CD software provides detailed information, such as when jobs are submitted and executed, the time of job completion, the name of the CD/DVD recipient, the date and time of delivery, and various other options.*

#### § 164.312 TECHNICAL SAFEGUARDS

*A detailed labeling system has been developed that allows every CD/DVD an unique identifying barcode.*

#### § 164.316 POLICIES, PROCEDURES AND DOCUMENTATION REQUIREMENTS.

*By using the DICOM CD Archive server, and its relational database, images can be stored on the CD /DVD for seven years or more.*

### CUSTOMER TESTIMONIAL

*"From sale to installation to training, the process has been seamless. The CD DICOM solution is a very user-friendly and intuitive system. Even our non-technical staff finds it easy to use! We are now providing a totally different solution than we used to. We have gone from 50 sheets of film at approximately \$1.70 each to one customized CD. It has had a huge impact on cost savings. The CD DICOM system is leaps and bounds ahead of the competition."*

**Doug Brooks, PACS Manager**  
Banner Desert Medical Center
